

Commission neutron, gamma detectors
Complete cryo-TPC system
Design control system
Production of control system
Transport cryostat from PSI to PNPI
Test cryo-TPC at 80K
Production vacuum and cryo system
Assembling of complete system
Test of complete system
Assembly of system at PSI
Transport system from PNPI to PSI
Electronics and DAQ
WFD splitter board
Commission full analog readout TPC
Prepare frontend electronics TPC
Gas system
Calibration of humidity sensor
Pure deuterium production
Meetings, Vacations

.....

Complete cryo-TPC system

Production of control system

Transport cryostat from PSI to FNPI

Production vacuum and cryo system

and DAQ

Commission full analog readout TPC

Prepare frontend electronics TPC

Meetings, Vacations

Test cryo-TPC at 80K

Assembling of complete system

Test of complete system

Assembly of system at F

Transport system from PNPI to PSI
